## ALLOWANCE

### ***Response to Amendment***

1. Applicant's amendment was received on 12/20/05, and has been entered and made of record.

### ***Allowable Subject Matter***

2. **Claims 1-12 and 14-21** are allowed. These claims will be renumbered as 1-20.

3. The following is an examiner's statement of reasons for allowance:

Independent claim 16 defines a method to support a fax over Internet protocol session, the method comprising:

*connecting a client to first Internet service provider that does not need to include fax over Internet protocol functionality over a first connection, the client comprises a fax over Internet protocol client driver that is operable to support a fax over Internet protocol session;*

establishing a second connection between the first Internet service provider and a second Internet service provider via an Internet protocol network;

the second Internet service provider establishes a third connection with a fax machine;

*transmitting a fax from the client to the fax machine using a fax over Internet protocol session that is supported by the fax over Internet protocol client driver of the client via the first connection, the second connection, and the third connection.*

As noted by the applicant in the remark filed on 12/20/05 wherein on page 7, the claim distinguishes over the prior art in that the client comprises a fax over the Internet protocol client driver and the first Internet service provider does not need to include fax over Internet protocol functionality over a first connection.

The most relevant prior art Kulakowski (WO 97/10668) teaches the method to support a fax over Internet protocol session. However, the features identified, in combination with other claim limitations, are neither suggested nor taught by the prior art of record.

Independent claims 1 and 9 are allowed for the same reasons stated above.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
